

JORDAN REYES

SAMPLE WILDLAND FIREFIGHTER RÉSUMÉ / DEMONSTRATION CONTENT ONLY

Sample City, Pacific Northwest • 555-010-0197 • jordan.reyes@example.com

Fictional profile • names, dates, employers, incidents, and contact information are illustrative

EXAMPLE DEPLOYMENT PROFILE

QUALIFICATIONS

FFT2

S-130 • S-190

OPERATIONS

ENGINE + LINE

Hose • handline • water

FIELDWORK

FUELS + FIREWISE

Saw • brush • chipper

MOBILIZATION

TRAVEL-READY

Self-report capable

SAMPLE OPERATIONAL SUMMARY

An example of how practical field experience can read sharp, organized, and ready for a contractor or crew supervisor.

This demonstration profile uses fictional information to show a professional resume structure: a focused target role, relevant qualifications, concise incident-style experience, and field capabilities that are easy for an employer to scan. A real client resume is built only from the client's verified work history, qualifications, dates, and target job.

SAMPLE WILDLAND EXPERIENCE

SAMPLE FIRE & FUELS CONTRACTOR

WILDLAND FIREFIGHTER • SAMPLE FIRE SEASON

Cedar Ridge Incident | Example Location

- Example bullet: supported mop-up, patrol, and suppression support through extended operational periods.
- Example bullet: assisted fuels reduction and chipper support; processed vegetation and woody debris.
- Example bullet: communicated with crew, maintained tool readiness, and followed operational direction.

SAMPLE ENGINE CREW

WILDLAND FIREFIGHTER / ENGINE CREW • SAMPLE SEASON • EXAMPLE REGION

- Example bullet: participated in a high-tempo initial-attack assignment as part of an engine resource.
- Example bullet: supported progressive hose lays, handline construction, and engine water operations.
- Example bullet: assisted firing support activities under direction and maintained situational awareness.
- Example bullet: worked alongside hand crews, sawyers, and other resources during changing conditions.
- Example bullet: used clear radio communication and crew coordination during extended field operations.

FIELD CAPABILITY & QUALIFICATIONS
